## NOTICE TO RECIPIENT

This investment is suitable only for sophisticated investors for whom an investment does not constitute a complete investment program, who do not require immediate liquidity for their investment and who fully understand and are willing to assume the risks involved. An investment may be considered to involve a substantial degree of risk, and an investor could lose all or a substantial amount of his or her investment. This document is not an offer to sell (or solicitation of an offer to buy) any interest in the Company. These materials may not be used or relied upon for any purpose other than as specifically contemplated by a written agreement. The materials may not be circulated outside of the recipient's organization, publicly referred to, or disclosed, in whole or in part, without express written permission. This presentation does not purport to be all inclusive or contain all the information that a prospective investor may require to fully evaluate an investment in the contemplated transaction. Prospective investors should conduct their own thorough investigation and due diligence before making an investment.

## DISCLAIMER

This Presentation contains forward-looking statements and forward-looking information. Often, but not always, forward-looking statements can be identified by the use of words or phrases or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements involve known and unknown words such as "plans", "expects" or "does not expect", "is expected", "estimates", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements and information. Examples of such statements include: (A) the financial forecast of the Company; (B) the intention to grow the business and operations of the Company; (C) anticipated timing for the availability of the Company's products to market and expected sale prices; (D) expected growth in the number of users of medical and recreational marijuana anticipated in North America, United Kingdom and Europe; and (E) the expansion of the Company's business into other revenue streams. Actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained in this Presentation. Such forward-looking statements are based on a number of assumptions which may prove to be incorrect, including, but not limited to: the ability of the Company to obtain necessary financing; the ability to complete a going public transaction; the ability to satisfy the requirements of a stock exchange; the economy generally; consumer interest in the products of the Company; competition; and anticipated and unanticipated costs. These forward-looking statements should not be relied upon as representing the Company's views as of any date subsequent to the date of this Presentation. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The forward-looking statements and information contained in this Presentation are expressly qualified in their entirety by this cautionary statement. The forward-looking statements and information included in this Presentation are made as of the date of this Presentation and the Company assumes no obligation to update such forward-looking statements to reflect new information, subsequent events or otherwise unless required by applicable securities legislation.
